

PRIME ANGUS

Bred to Perform

1pm Thursday 31st March 2022
ON PROPERTY BULL SALE
Warrenbayne

Welcome to the 2022 Prime Angus Autumn Bull Sale.

This is the Fourth Bull Sale since purchasing Prime Angus, we are building on the breeding of the previous 20+ years.

After a couple of torrid years dealing with Covid 19, we hope there is light at the end of the tunnel and life will gradually return to normal. One thing that has brightened the lives of many families in the agriculture sector has been the good seasons, and the astounding increase of return for our stock and products. Being restricted to the farm for many months, has been time well spent.

We are presenting for sale Yearlings (12-13 Months) and Older Bulls (18 Months), sons of Gatsby, Keystone, L519, Ashland, Stunner, Dusty and GR Nero. There are also a number of herd sires represented – Rennylea K447, GR Punisher and GR Payweight. You are going to be spoilt for choice.

Every year we add a carefully selected Herd Sire to our bull team – This year we have just purchased Granite Ridge R102 (for \$30,000), an exceptional Sitz Investment son out of a powerful cow family – Wonderland K36. He will be used in our Autumn matings and we hope to have sons in the 2023 Autumn Bull Sale.

There are bulls to suit all buyers, to use over Heifers or Cows – Bulls that are sound, thick and deep, with strong growth and good carcase, these boys are ready to go to work.

You can buy with confidence, as all bulls are Sire Verified (SV) or Parent Verified (PV). All bulls have been vaccinated (7 in 1, Pestigard and Vibrax), they are ear-notch tested free of pestivirus, semen tested, their scanning and genomics are included in their EBV's. All bulls are free from the known genetic defects by testing (AMF, NHF, CAF, DDF) or pedigree (AMFU, NHFU, CAFU, DDFU).

The whole Prime herd is JBas 8, having all been faeces tested Johnes free in June 2021, making Prime cattle able to be sold Australia wide.

Prime Angus - Bred to Perform

PAYMENTS, REBATES & DISCOUNTS

We are pleased to offer a 4% rebate to all agents who attend with or on behalf of their clients and settle within seven (7) days. All Introductions to be made to Colin Flanagan Email Pat.ebert@outlook.com

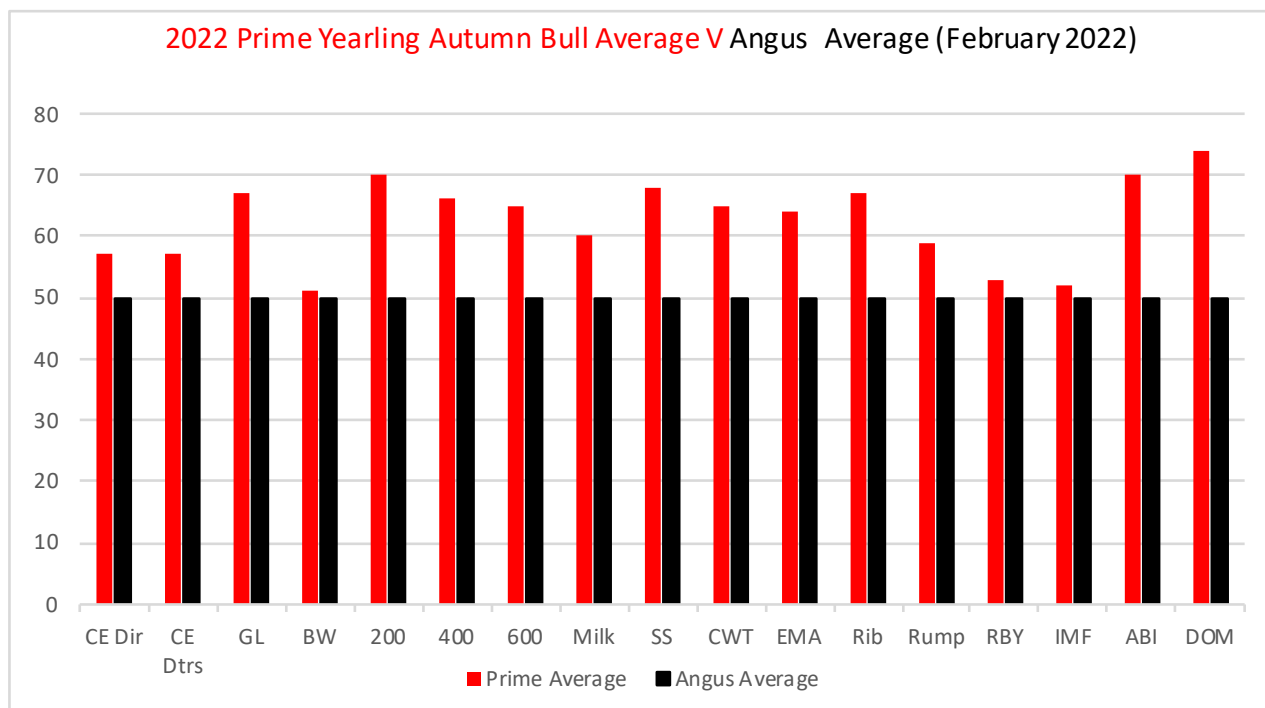

A 2% rebate is offered to all other agents who introduce their client in writing 24 hours before the sale and settle within seven (7) days

Prime Angus will deliver Bulls to major centres or on farm up to 200km radius.

We are proud to offer well above the current Angus Breed Average at Prime Angus

Prime Angus - Bred to Perform

1. Prime Angus is LPA Accredited and J BAS 8

Last faeces sample test June 2021

Prime Cattle are accepted in all Australian states – including WA.

2. All bulls have been DNA sire verified and a number have been parent verified (Sire and Dam).

Prime is working towards all animals being Parent Verified.

3. Recessive Genetic Conditions

All Sale bulls are free from genetic defects, AM, NH, CA, & DD either by pedigree or by testing.

4. DNA Genomics

Prime Bulls have been DNA Tested for Genomic Markers which have been incorporated into their Angus EBV's.

5. Breeding Soundness

Prime Angus bulls have undergone a thorough examination by Nationwide AB, including physical examination and semen testing on 25th February 2022.

6. Scanning

Bulls were scanned by Max Bowman Livestock (Accreditation No. 1026) February 28th, 2022.

7. Pestivirus

Prime bulls have been ear notched and tested free of Pestivirus.

8. Animal Health

Bulls have been 7 in 1 vaccinated

Bulls have been Vibrax Vaccinated

Bulls have been Pestigard Vaccinated

Bulls have been treated with Cydectin Pour on

Bulls have been treated with Panacure 25 Oral Drench

Bulls have been treated with Multimin

Warranty

All bulls have been independently evaluated for structural soundness and fertility. To the best of our knowledge the bulls are all in sound working order at the time of sale.

If in the next 12 months, a bull becomes infertile or breaks down, provided it is not caused by injury or disease contracted after leaving Prime. (a veterinary certificate may be required)

We will –

a) Replace the bull with a suitable match (excluding any costs and expenditure of the purchaser taking delivery), or

b) Grant a credit (less any salvage value) to be used at Primes next bull sale.

Prime Angus - Bred to Perform

Sale Date & Prior Inspection Time

Selling will commence at 1 PM on Thursday March 31st at 1PM. All Sale Lots can be inspected on the morning of the sale from 10am or at any other time by arrangement with Colin Flanagan – 0408 848 864.

Covid 19 Guidelines

Under current COVID 19 guidelines and with the safety of the community utmost in our minds, every person attending our sale will be asked to sign in.

Phone Bidding

Phone Bidding can be arranged prior to the sale by contacting James Brown 0419 333 295 or Colin Flanagan – 0408 848 864.

Selling System

Bull Sale will be conducted by Video, under normal Auction conditions, interfaced with AuctionsPlus. All bulls will be sold exclusive of GST. Each bull will be sold as a separate Lot.

Delivery

Prime Angus offers free delivery for bulls within 200km radius.

Arrangements must be made on sale day by filling in the Buyer's Instruction sheet in the catalogue and handing it to an Agent and will be arranged at the carriers convenience.

Insurance

All cattle are at the risk of the buyer from the completion of the bidding at the sale. Please see one of GTSM staff to organise any insurance requirements.

Registration

All bulls are HBR Registered with Angus Australia. Prime Angus will transfer each bull to the new owner, so please supply the correct information on the buyers instruction sheet.

Caring for your New Bull

On arrival at their new home it is important that you have a suitable group of animals to greet the bull, this minimises stress. Remember they are leaving the security of a large mob and will be arriving in unfamiliar surroundings. Steers or pregnant cows would be suitable, certainly not other bulls.

The bulls are in good working condition at point of sale, but good nutrition for the bull during mating is imperative and will equate to good joining results. Check bulls regularly to detect any problems early, therefore minimising damage to the bull and to conception rates. It is important to continue to look after your bull after mating, as yearlings they still have a lot of growing to do.

Catering

Refreshments are available on Sale day with the compliments of Prime Angus. This includes a barbecue lunch.

Accommodation

Benalla, Mansfield and Wangaratta all have numerous options for accommodation within easy driving.

Health & Safety of Visitors

Our bulls are bred to work so they need to be shown respect.

Under normal circumstances they are quiet to handle, however even the quietest bull is in fact an unpredictable animal so be alert.

Do not crowd the bulls or loiter inside the pens unnecessarily.

Please call on an escort through the bulls if required.

VISITORS ENTER THE CATTLE PENS AT THEIR OWN RISK

NO CHILDREN ALLOWED IN PENS

Prime Angus - Bred to Perform

DISCLAIMER AND PRIVACY INFORMATION

Attention Buyer

Animal details included in this catalogue, including but not limited to pedigree, DNA information, Estimated Breeding Values (EBVs) and Index values, are based on information provided by the breeder or owner of the animal. Whilst all reasonable care has been taken to ensure that the information provided in this catalogue was correct at the time of publication, Angus Australia will assume no responsibility for the accuracy or completeness of the information, nor for the outcome (including consequential loss) of any action taken based on this information.

Parent Verification Suffixes

The animals listed within this catalogue including its pedigree, are displaying a Parent Verification Suffix which indicates the DNA parent verification status that has been conducted on the animal. The Parent Verification Suffixes that will appear at the end of each animal's name.

The suffix displayed at the end of each animal's name indicates the DNA parentage verification that has been conducted by Angus Australia.

PV : both parents have been verified by DNA.

SV : the sire has been verified by DNA.

DV : the dam has been verified by DNA.

: DNA verification has not been conducted.

E : DNA verification has identified that the sire and/or dam may possibly be incorrect, but this cannot be confirmed conclusively.

Privacy Information

In order for Angus Australia to process the transfer of a registered animal in this catalogue, the vendor will need to provide certain information to Angus Australia and the buyer consents to the collection and disclosure of that information by Angus Australia in certain circumstances. If the buyer does not wish for his or her information to be stored and disclosed by Angus Australia, the buyer must complete the form included below and forward it to Angus Australia. If the form is not completed, the buyer will be taken to have consented to the disclosure of such information.

BUYERS OPTION TO OPT OUT OF DISCLOSING PERSONAL INFORMATION TO ANGUS AUSTRALIA

If you do not complete this form, you will be taken to have consented to Angus Australia using your name, address and phone number for the purposes of effecting a change of registration of the animal(s) that you have purchased, maintaining its database and disclosing that information to its members on its website.

I, the buyer of animals with the following ids.....

.....(name) do not consent to Angus Australia using my name, address and phone number for the purposes of effecting a change of registration of the animals I have mentioned above that I have purchased, maintaining its database and disclosing that information to its members on its website.

Name: Signature:

Date:

Please forward this completed consent form to Angus Australia, 86 Glen Innes Road, Armidale NSW 2350.

If you have any questions or queries regarding any of the above, please contact Angus Australia on (02) 6773 4600 or email office@angusaustralia.com.au
